MATERIALS SAFETY & DATA SHEET

STATEMENT OF HAZARDOUS NATURE: NON TOXIC

COMPANY DETAILS:

Company: Agrimm Technologies Limited

Address: 487 Tancreds Road, P.O Box 35, Lincoln, Christchurch,

8150, New Zealand,

Telephone Number: + 64 3 325-3311

Emergency Telephone Number:

PRODUCT IDENTIFICATION

Product name : SENTINEL®

Other names: Foliar Trichoderma Bio-fungicide WP

Manufactures Product Code:

UN No:

Dangerous Goods Class:

Not applicable

Hazchem Code:

Not hazardous

Not hazardous

Not applicable

Not applicable

Uses: Foliage, flowers and fruit bio-fungicide

PHYSICAL DESCRIPTION & PROPERTIES

Appearance: Green powder

Boiling point: Not applicable

Melting point: Not applicable

Vapour pressure (mm/Hg): Not applicable

Specific gravity: Not applicable

Flash point: Not flammable

Flammabilty Limits: Not combustable

Solubility in water : Forms suspension/solution from wettable powder

OTHER PROPERTIES

Bulk Density kg/m3: 333 kg/m 3

Rel Vapour Density (Air = 1):

Autoignition Temp (C):

Not applicable

Not applicable

Not applicable

Poecomp. Point (C):

Not applicable

Not applicable

Not applicable

pH (10% aq. Soln): 5.5

Viscosity:

Evaporation Rate:

Odour:

Odourless

Reactivity:

Not applicable

Odourless

Non reactive

INGREDIENTS

Chemical Entity CAS NO. Not applicable

Active Constituent Propagules of Trichoderma atroviride

Solvent Wettable powder (water)

HEALTH HAZARD INFORMATION

HEALTH EFFECTS:

Acute Swallowed: Product has low toxicity - wash mouth out with water.

Eye: Prolonged exposure may cause irritation - irrigate with water.

Skin: Prolonged contact may cause skin to become dry.

Inhaled: Avoid inhalation of powder dust.

GENERAL: T. atroviride is harmless to humans, livestock and the environment.

Chronic GENERAL: There have been no recorded ill effects from the use of Trichoderma in

over three decades of scientific trial and commercial use.

First Aid Swallowed: Wash mouth out with water.

Eye: Irrigate with water.

Skin: Wash with water.

Inhaled: Repeated inhalations of powder dust may lead to pulmonary

hypersensitivity in some individuals.

Advice to Doctor: Product is based on a non hazardous naturally occurring fungus plus

food and agricultural nutrients.

PRECAUTIONS FOR USE

Exposure Standards: Avoid excessive visible dust

Engineering Controls: Not applicable

Personal Protection: A face mask is advisable for repeated and prolonged exposure to powder

dust before being made up with water.

Flammability Not flammable

Other information Non hazardous natural product.

SAFE HANDLING INFORMATION

Storage and Transport: Store refrigerated in original plastic foil sachet. No transport hazard.

Spills and Disposal : Sweep up and remove for disposal - may be disposed of in compost.

Wash area with water.

Fire / Explosion Hazard : Non hazardous.

OTHER INFORMATION:

No special precautions are necessary, wash hands after use.
